## ADDITIONAL INFORMATION

Please note that we cannot work directly with individual children. We can however, provide general strategies for working with children with speech and language difficulties that may be suitable for specific children in your class.

Upon receiving your request, a member of the NEMLDC Outreach Service will contact you to further discuss your needs, and determine the most suitable way to support you. Please note that due to the limited funding and capacity of the service for individual consultations, we cannot guarantee that all of your requests will be met.
