

2019 ASSESSMENT SCORING INFORMATION

CELF-P2, CELF-4 & CELF-5 ASSESSMENTS

Please ensure you provide a Receptive and Expressive Language Composite Score and the Core Language Score using the CELF-AUSTRALIAN norms.

For your information:

Guidelines for Describing the Severity of Language Disorders (Pg 87 in the CELF-P2 manual / Pg 118 in the CELF-4 manual)

<u>Severity Rating</u>	<u>Deviation from the Mean</u>	<u>Receptive, Expressive and Total Language Score Range</u>
Within normal limits	Within -1 SD and above	86 and above
Mild	-1 and -1 ½ SD	78 to 85
Moderate	-1 ½ and -2 SD	71 to 77
Severe	-2 SD and below	70 and below

NARRATIVE

When transcribing the narrative please clearly mark if prompts were required or questions asked to elicit further information. Please use the following coding system where necessary:

P = Prompt e.g. Tell me some more. Any more?
 Q = Open question e.g. What happened here? What happened next?
 DQ = Direct question e.g. What did the bus do? Where did the bus go? Did the bus stop?

COMPREHENSION

Blank Level questions have been scripted to "The Bus Story" and are to be used with the Pre-Primary and Year 1. A scoring criteria has been included as a reference to assist rating the responses. The 0 – 3 scale has been used to rate each response.

Please **record the child's response to all questions** in the space available and **note any prompts**. The child's initial response to the question should be scored, not the prompted response.

The child's scores for each question type need to be totalled and an average obtained. To obtain the average score divide the total for each level by the number of questions e.g. divide the total achieved for Level I questions by 3, divide the total obtained for Level II questions by 4, divide the total obtained for Level III questions by 5 and divide the total achieved for Level IV questions by 4.

EXAMPLE RESPONSES TO BLANK LEVEL QUESTIONS

<u>Question</u>	<u>Rating</u>	<u>Example Responses</u>
Who was fixing the bus?	3.0	The driver The bus driver/ the busman
	2.0	That man/him (pointing)
	1.0	The fixer
	0.0	The policeman/cop The daddy The crane

EXAMPLE RESPONSES TO BLANK LEVEL QUESTIONS cont.

Question	Rating	Example Responses
Why do you think the bus ran away?	3.0	Because he didn't want to get fixed Because he didn't like the bus driver Because he didn't want to be driven
	2.0	Because he was naughty Because he didn't want a driver Because the bus was mad

Tell me something you can drive but not a bus.	3.0	Car/truck/motorbike
	2.0	Not applicable
	1.0	Bike Plane
	0.0	Bus Because he keep driving away

LANGUAGE SAMPLE

In cases when a child's functional language performance is lower than what their language indexes on the CELF-P2 or CELF-4 suggest, it is recommended that referring clinicians provide a **representative language sample**. A sample of at least 25 of the child's utterances is recommended. Please include both sides of the conversation and describe the context of the interaction. Please make note of any non-verbals eg. gestures and any contextual support provided. If the child is unintelligible please make comments regarding their communicative intent.

Eg. Part of a sample:

Asking about his favourite toy in the clinic (D = Child, CL = Clinician)

D: I have a turn of that crocodile?

CL: Yes. Do you remember why he is grumpy?

D: That's why he mad

CL: Why is he mad?

D: (no response)

(Mother's comment: What's the matter? He's got a sore.....)

D: Sore

CL: Yes. What is sore?

D: His teeth

CL: What will happen if you touch his sore tooth?

D: It that one? (pointed to tooth)

CL: What will happen if you touch his sore tooth?

D: He bite you.
